To our stakeholders:

We recognize that a key requirement for participation in the Un Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the Un Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the fact we are finalizing in these weeks our Social Report which contains our results, progresses and future objectives. We would like to illustrate how we have incorporated the UN Global Compact commitments directly into our business operations.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the Un Global Compact. Our new COP report will be posted on the un Global Compact website by July 30 2014 at the latest.

With best regards
