To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to September 30<sup>th</sup> 2010. Currently, we are leading a communication project to different stakeholders from Cancun destination, in relation with the Conference of the Parties COP16, which it will be carried out on the latest days of November and earlier days of December. This project has hampered comply deadlines to submit our Xcaret Park COP 2009.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP Xcaret 2009 report will be posted on the UN Global Compact website by *November 15th 2010* at the latest.

Sincerely yours,
