To our stakeholders :

We recognize that a key requirement for a participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress(COP) that comprised of a statement of continued support for the UN Global Compact and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to unforeseen company activities and our preparation in the Surveillance audit for TS16949 Surveillance audit last month of April and Environmental Management System Audit , ISO14001 this June 2014.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 09 August 2014.

Sincerely yours,

Mr. Yong Sick Song
