To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes. We are late in creating, sharing and posting our COP report due to our continuing CSR Agenda that is currently in developmental stages. We believe that after 90 days Grace Period we shall be able to report on our CSR objectives with a much clearer view and output of our achievements.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 11.08.2014 at the latest.

Sincerely yours,

Mr. Ali Hassan
