

05 November 2010

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to our wish of adjusting the timeline of our COP with FLSmidth's standard reporting cycle. The FLSmidth Annual Report is submitted 25th of February 2011 and we have chosen to postpone the release of our COP until then, in order to align the reporting requirements.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact.

Our COP report will be posted on the UN Global Compact website by February 10th 2011, at the latest.

Yours faithfully
