Dear Sir,

I am pleased to confirm that Standard Chartered Bank Uganda Limited continues to support the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption. With this communication, I once again express our intent to advance those principles within our sphere of influence. We remain committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our organization and to engage in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals.

Standard Chartered Bank Uganda Limited will continue to make a clear statement of this commitment to its stakeholders and the general public. We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We have therefore complied and uploaded our 2013 COP report. We will continue to support public accountability and transparency, and therefore commit to continue reporting on progress annually as per the Global Compact COP policy.

Yours faithfully,

Herman Kasekende
