COP Team
United Nations Global Compact

Dear COP Team:

Lexmark's Global Citizenship website will not be public until June 6, 2014. The Corporate Social Responsibility Report PDF will be available mid-June. For this reason, we are requesting a grace period for our COP submission. Lexmark has been working on an environmental customer program that caused a delay in our CSR completion. Our CSR report covers our fiscal year which ends December 31, 2013. This year's delay is not something that will repeat in the future, it is a one-time delay due to our customer program preparation and the new global citizenship website that we are launching this year. We plan to submit our COP before the end of June.

Thank you for the opportunity for a grace period.

Sincerely,

A handwritten signature in black ink, appearing to read "Lee Ann Disponett", with a stylized, flowing script.
