June 5, 2014

To our stakeholders:

Xylem Inc. recognizes that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) comprised of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are slightly late in creating, sharing and posting our COP report, which consists of our corporate sustainability report, due to a slight delay in generating and confirming some data important to the report.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by July 31, 2014 at the latest.

Very truly yours,

Bennett A. Leff  
*Director, Environment, Safety, Health and Sustainability*
