Re: Grace period for COP reporting

---

To whom it may concern:

Copenhagen Group A/S and its subsidiary companies recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the Global Compact, a description of our practical actions with regard to the principles of the Compact, and a measurement of outcomes or expected outcomes.

Our company is late in posting our COP report which is due on January 8<sup>th</sup>, 2011 due to organizational and management changes at our subsidiary locations

We respectfully request an extension in order to be able to post a COP report that best details our company's efforts to promote the principles of the Global Compact. Our first COP report will be posted on the UN Global Compact website by Monday, February 28<sup>th</sup>, 2011.

Yours Sincerely,

Brad Hester  
Director, Communications and Administration
