

Global Compact COP

Danske Bank Group

February 4, 2011

Dear Global Compact COP,

We hereby apply for an extension of the COP due date for the Danske Bank Group of 6 days – until February 10, 2011.

The Danske Bank Group has supported the UN Global Compact since 2007 and we take our responsibility to report on our progress very seriously.

Every year, the Danske Bank Group submits its Communication on Progress to UN Global Compact on the same day as it publishes its other major reports, namely the Annual Report, the Risk Management report and the Corporate Responsibility report.

For 2009, these reports were all published on February 4, 2010. However, for 2010, the reports will be published a couple of days later, on February 10, 2011.

Since the Global Compact COP contains information that is not yet made public elsewhere, we would be very grateful if our due date could be extended for six days until February 10, 2011.

Kind regards,

Tina Obel Lope
Corporate Responsibility Manager
