

GLOBAL COMPACT - GRACE LETTER

To Whom It May Concern:

24th March 2011

Dear Sirs,

GRACE LETTER

Please accept our apologies for our late submission of our CPO. I write to request we are granted an extension by way of this Grace Letter.

The reason for our late submission is due to an oversight of the deadline. I received an e-mail on the 23/03/11 titled "Your Organization is Non-Communicating with the Global Compact".

Since receiving this I have requested a member of our team complete the submission documents subject to being granted the 90 day extension. Rest assured we will be timelier with our future submissions.

I would like to state that we are very proud to be a Global Compact member and are keen to maintain our affiliation with your organization.

I look forward to hearing from you with regard the extension.

Yours Sincerely
