Dear Mr. Secretary General,

I am pleased to confirm that the National School of Leadership (NSL), India, supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

1. Hold conferences and seminars on various aspects of leadership and its role in contributing globally
2. Promote academic research through research publications across multiple journals
3. Conduct events in collaboration with UN PRME and/or its members on various subjects around leadership studies
4. Promote the principles of UN PRME and UN Global Compact through various events conducted by the National School of Leadership

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. This letter is to bring to your attention that we were unfortunately unable to submit our COE for the last two year period within the given timeframe due to certain technical issues we faced regarding sharing the report on your website within the timeframe provided. We therefore request you to kindly accept this as a Letter of Recommitment to the Global Compact. Upon your acceptance of this letter, we will share our Communication on Engagement with you.

We support public accountability and transparency, and therefore recommit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Dr. Satasuryaa K. Sharma
Chairman
National School of Leadership
