Dear Mr. Secretary General,

I am pleased to confirm that Fundación Santa María la Real del Patrimonio Histórico supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways: Proposal and implementation of actions on corporate sustainability; commitment to Global Compact Local Networks; union and support to emission platforms and workstreams; and implementation of the Ten Principles of the United Nations Global Compact through our own strategy and operations. We are also committed to encouraging companies and others with whom we interact to participate in the UN Global Compact.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within *two years* of joining the Global Compact and *every two years* thereafter according to the Global Compact COE policy.

Sincerely yours,

Juan Carlos Prieto Vielba
