*Recommitment*

Dear Mr. Secretary-General,

I am pleased to confirm that TIMA International GmbH supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our intent to implement those principles. We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. TIMA will make a clear statement of this recommitment to our stakeholders and the general public. We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress rejoining the UN Global Compact, and annually thereafter according to the UN Global Compact COP policy.

**Statement of Recommitment of the President & CEO Dr. Achim G. Deja**

I express continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. The delay was caused by unlucky digital ICT transformation circumstances matching the moving of the company into two new locations.

This is separate from our initial letter of commitment to join the UN Global Compact. We will deliver description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the UN Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).

We will deliver measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

We take care to deliver the technical ICT services to DtMG e.V. and their new Homepage to publish their COE report to UNGC with their activities asap in April 2019

Sincerely yours,

Dr. Achim Georg Deja
