Dear Mr. Secretary-General,

I am pleased to reconfirm that Finding Other Solutions (FOS) Pty Ltd supports the ten principles of the Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our intent to implement those principles. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Finding Other Solutions (FOS) Pty Ltd continues to make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles and support any specialized UN Global Compact issue platform that our company may join at a later date. We support public accountability and transparency, and therefore commit to report on progress within *one year* of joining the Global Compact, and *annually* thereafter according to the Global Compact COP policy. Due to FOS expansion of its operation and a possible computer issue, the 2018 COP was not successfully uploaded. This action however in no way diminished our ongoing to commitment to the Global Compact or the SDG's. In fact, FOS expansion has been underpinned by its integration of sustainability into its day-to-day operations.

Sincerely yours,

Mr Alex McLeod
Executive Director - Finding Other Solutions (FOS) Pty Ltd
