Dear Mr. Secretary-General,

I am pleased to reconfirm that *T500 PURATOS, S.A.* supports the ten principles of the Global Compact with respect to human rights, labor, environment and anti-corruption. With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. *T500 PURATOS, S.A.* will make a clear statement of this commitment to our stakeholders and the general public.

The reason why we do not present a communication on progress in recent years is that T500, after 6 months as a signatory member of the global compact, had requested the waiver by being immersed in a phase of change in its internal structure, once this structure has been stabilized, we renew our interest in working with your organization.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within *one year* of joining the Global Compact, and *annually* thereafter according to the Global Compact COP policy.

Sincerely yours,

Jorge Grande Iglesias  
General manager Iberia
