Dear Mr. Secretary-General,

I am pleased to confirm that Gönüllü Hareketi Derneği (Volunteer Movement Association) supports the ten principles of the UN Global Compact with respect to human rights, labor, environment, and anti-corruption. With this commitment, we express our intent to advance these principles within our sphere of influence and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to take part in the activities of the UN Global Compact where appropriate and feasible — through, for instance, participation in country / local networks; involvement in specialized initiatives and workstreams; engagement in partnership projects; and reviewing and providing commentary to participating companies on their Communications on Progress. We are proud of our level of support and we will continue our efforts in the coming years.

We are sorry to be de-listed from the United Nations Global Compact as we failed to change in participating procedure in 2015 and missed the reporting deadline.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and therefore commit to report on progress every two years according to the Global Compact COE policy.

Sincerely yours,

**Sertaç ŞİPKA
President**
