Dear Mr. Secretary-General,

I am pleased to confirm that Loredo del Pacifico S. DE R.L. DE C.V. supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our intent to implement those principles. We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Loredo del Pacifico S. DE R.L. DE C.V. will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the UN Global Compact, and annually thereafter according to the UN Global Compact COP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the UN Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).
- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

For what I thank you for giving us your support for account activation and continuing to participate year after year in this release, in which Loredo del Pacifico S. DE R.L. DE C.V. is involved in uploading the COP to the platform, and there is no excuse that justifies not having been responsible for my participation but I appreciate that you understand and support this activation because it is important for the company and for my collaborators to participate.

Sincerely yours,

José Miguel Loredo López
