

**Letter of recommitment**

27.1.2020

H. E. Antonio Guterres  
Secretary- General  
United Nations  
New York, NY 10017  
USA

Dear Mr. Secretary General,

I am pleased to reconfirm that National Institute of Chemistry continues to support the Ten Principles of the United Nations Global Compact in the areas of Human Rights, Labour, Environment and Anti-Corruption.

With this commitment we continue to actively advance and communicate these principles to our colleagues, partners and public and share this information with our stakeholders using our primary channels of communication.

We also pledge to participate and engage with the UN Global Compact in the following ways:

- Conduct applied research and thought leadership to advance best practices.
- Promote the UN Global Compact Ten Principles and educate a variety of audiences about sustainability.
- Support UN Global Compact business participants in implementing and reporting on their sustainability efforts.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Prof. Dr. Gregor Anderluh, director
