Dear Mr. Secretary General,

I am pleased to confirm that the Ghana Anti-Corruption Coalition (GACC) supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways: engage with Global Compact Local Networks, join and/or support special initiatives and work streams, participate in Global Compact global, and local events.

We recognize that a key requirement for participating in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

The Ghana Anti-Corruption Coalition failure to submit the Communication on Engagement within due time was due to some challenges suffered by the Secretariat of the UN Global Compact Ghana local network in recent times. Thus, this affected the local network operations including membership support services to facilitate compliance with the Global Compact COE policy.

Sincerely yours,

Beauty Emefa Narteh (Mrs.)
