Dear Mr. Secretary General,

I am pleased to confirm that **Nepal Ekarat Engineering Co. Pvt. Ltd.** supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our intent to implement those principles. We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. **Nepal Ekarat Engineering Co. Pvt. Ltd.** will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the UN Global Compact, and annually thereafter according to the UN Global Compact COP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the UN Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).
- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

Due to circumstances beyond our control, we were de-listed from the Global Compact in 2012. This revolved around the inability to submit a COP on time due to many pressures, both on the business as well as operating environment fronts. With renewed backing from the Global Compact Nepal Local Network, we believe that we will not be de-listed again and look forward to being part of this compact.

Sincerely yours,

  
Kush Kumar Joshi  
Managing Director
