Dear Mr. Secretary-General,

I am pleased to confirm that Kyivstar supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our intent to implement those principles. We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Kyivstar will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress within one year of re-joining the UN Global Compact, and annually thereafter according to the UN Global Compact COP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the UN Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).
- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

Having confidence in the United Nations Global Compact as the world's largest corporate sustainability initiative, Kyivstar would like to re-join cooperation with the organization and align its strategies and operations with the universal principles on human rights, labour, environment and anti-corruption to take mutual actions that will advance societal goals for a win-win situation in the coming future. Additionally, we want to mention that Kyivstar did not provide its COPs due to the fact that the Local Network in Ukraine was in the process of transfer to a new organization form and did not operate during several years.

Sincerely yours,

Mr. Oleksandr Komarov
CEO
