Dear Mr. Secretary-General,

I am pleased to confirm that **Jiangyin SINBON Electronics Co., Ltd.** supports the Ten Principles of the United Nations Global Compact and sorry that we were unable to join continually in the ten Principles of the United Nations Global Compact due to we encountered internal issues and difficulty when collecting necessary documents.

We support the Ten Principles of the Global Compact with respect to human rights, labour, environment and anticorruption. With this communication, we express our intent to implement those principles. We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the UN Global Compact, and annually thereafter according to the UN Global Compact COP policy.

Sincerely yours,

Joseph Wang
