Dear Mr. Secretary-General,

I am pleased to confirm that *DEFENSIVE DRIVING SYSTEMS LTD* supports the Ten Principles of the United Nations Global Compact on human rights, Labour, environment and anti-corruption. With this communication, we express our intent to implement those principles. We are committed to making the UN Global Compact and its principles part of strategy, culture, and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goal. *Defensive Driving Systems Ltd* will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the Annual Submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress within *one year* of joining the UN Global Compact, and *annually* thereafter according to the UN Global Compact COP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global compact and renewing our ongoing commitment to the initiative and its principles. This is *separate* from our initial letter of commitment to join the UN Global Compact.
- A description of practical actions (*i.e., disclosure of any relevant policies, procedures, activities*) that the company has taken (or plan to undertake) to implement the UN Global Compact principles in each of the four issues areas (human rights, labour, environment, anti-corruption).
- A measurement of outcomes (*i.e., the degree to which targets /performance indicators were met, or other qualitative or quantitative measurements of results*).

Best regards,
