

Date: 9th of February 2021

To: H.E. Antonio Guterres
Secretary-General
United Nations
New York, NY 10017
USA

Dear Mr. Secretary-General,

I am pleased to reconfirm that The Scott Family Foundation Intl. supports the ten principles of the Global Compact with respect to human rights, labor, environment and anti-corruption. With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. The Scott Family Foundation Intl. will make a clear statement of this recommitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles, we further acknowledge our oversight in providing our COP previously due to our restructuring of the foundation to better enable us to increase our impact with respect to our endeavors and the SDG's of the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within one year of rejoining the Global Compact, and annually thereafter according to the Global Compact COP policy. This includes:

- A statement signed by the Chairman/President expressing continued support for the Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the Global Compact.
- A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the Global Compact principles in each of the four issue areas (human rights, labor, environment, anti-corruption).
- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or

other qualitative or quantitative measurements of results).

We look forward to continuing to support the United Nations Global Compact and implementing in our organization, as well, promoting the Sustainable Development Goals (SDG's) to the businesses and NGO's that we work with globally.

Humbly and Respectfully Yours,

Fredrick D. Scott, FMVA®
Chairman – Board Of Trustees/President
The Scott Family Foundation Intl.

The Scott Family Foundation endeavors to enhance the dignity and quality of life for individuals, families, and communities globally. We strive to eliminate barriers to opportunity by developing long term sustainable socio-economic, healthcare, and educational programs that help people in need reach their fullest potential through the power of unity and work.
