Subject: Letter of membership apply for the United Nations Global Compact

Honourable Secretary-General,

I have the honour to confirm that LABORATOIRE CLARIPHARM supports the Ten Principles of the United Nations Global Compact on respect for human rights, international labour standards, environmental protection and anti-corruption.

With this letter, we express our commitment to integrate these principles into our company's strategy, culture, and day-to-day operations and to advance them in our area of influence.

Also, to participate in collaborative projects that advance the broader development goals of the development goals of the United Nations, in particular the Sustainable Development Goals.

LABORATOIRE CLARIPHARM will make a public statement of this commitment to its stakeholders.

We also agree that one of our obligations under the Global Compact is the annual publication of a Communication on Progress (COP), describing our company's efforts to integrate the ten principles. We therefore commit to publish our progress within a maximum of one year from the date of joining, and annually thereafter, in accordance with the Global Compact Communications on Progress guidelines.

This COP will contain three elements:

1. The officer's signed renewal of commitment to the Global Compact and its principles

(separate from this letter)

2. A description of the practical actions (policies, procedures, activities) that the company has taken or taken or planned to integrate the themes of human rights, international labour standards, environment and anti-corruption.
3. A measure of the results of the actions taken, or quantified targets.

Best regards

Mrs Clarisse Le Court
