Dear H.E.Antonio Guterres ,

I am pleased to confirm that **Nagrik Foundation** supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this re-commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public .

**We also pledge to participate in and engage with the UN Global Compact in the following way(s):**

- Propose and implement [partnerships](#) on corporate sustainability and engage with other stakeholders.
- Support UN Global Compact business participants as they implement and report on their sustainability efforts.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within *two years* of joining the Global Compact and *every two years* thereafter according to the Global Compact COE policy.

Last year we could not upload our engagements & reports due to technical reasons but kept informed the GCNI .Last year we launched a massive global SDGAction campaign [www.sdgchoupal.org](http://www.sdgchoupal.org) with over 40 stake holders empowering communities enabling localization of SDGs .

Sincerely yours,

Deepak Dwivedi
