Dear Mr. Secretary-General,

I am pleased to reconfirm that EIFFAGE ENERGÍA, S.L.U. supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption. With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. EIFFAGE ENERGÍA, S.L.U. will make a clear statement of this commitment to our stakeholders and the general public.

The reason why we did not submit a Communication on Progress in the last years is that we have focused for strategic reasons on consolidating our business sector, expanding our business sector and expanding our reach into new lines of business.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress annually according to the Global Compact COP policy.

Sincerely yours,

Mr. JOSE MANUEL MARTÍNEZ GARCÍA  
CEO & MANAGING DIRECTOR  
EIFFAGE ENERGÍA, S.L.U.
