Dear Mr. Secretary General,

I am pleased to confirm that Scholars of Sustenance Foundation Thailand supports the ten principles of the UN Global Compact with respect to human rights, labor, environment, and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles and will make a clear statement of this commitment to our stakeholders and the public.

We also pledge to participate in and engage with the UN Global Compact to influence on how businesses advance human rights, environmental protection, labor standards and anti-corruption using the following ways below:

- Propose and implement partnerships on corporate sustainability and engage with other stakeholders to advance sustainable production and consumption principles
- Support UN Global Compact business participants as they implement and report on their sustainability efforts
- Engage with Global Compact Local Networks to drive sustainability transition collectively

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's effort to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Ms. Kantarat Viseddhammpattara
