Dear Mr Secretary General,

I am pleased to confirm that THEBOOKINGROOM GROUP LIMITED supports the ten principles of the United Nations Global Compact on human rights, labour, environment, and anti-corruption. With this communication, we express our intent to implement those principles/ We are committed to making the UN Global Compact and its principles part of our overarching business strategy, culture and day-to-day operations whilst engaging in collaborative projects which advance the broader development of goals of the United Nations, particularly its sustainability development goals. THEBOOKINGROOM GROUP LIMITED will make a clear statement of this commitment to key business stakeholders as well as the general public.

As a business, we recognise that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP), that describes our company's efforts and successes of the implementation of the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the UN Global Compact, and annually thereafter, in accordance with the UN Global Compact COP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is as well as our initial letter of commitment to join the UN Global Compact.
- A description of practical actions including, but not limited to, the disclosure of any relevant policies, procedures and activities the company has taken, or plans to undertake, to implement the UN Global Compact principles in each of the four issue areas.
- A measurement of outcomes, outlining the degree to which targets and performance indicators were met and any other relevant qualitative and quantitative measures of result.

Sincerely yours,

Craig Chambers
