H.E. António Guterres  
Secretary-General  
United Nations  
New York, NY 10017 USA

Dear Mr. Secretary-General,

I am the co-founder and CEO of Perfect Day, a consumer biotech leader creating real milk proteins that deliver the nutrition and taste of dairy with up to 97% fewer greenhouse gas emissions than conventional processes and without the cholesterol, lactose, or animal welfare concerns. Our company is on a mission to create a kinder, greener tomorrow by developing new ways to make the foods people love today — and ultimately, to build a more equitable, resilient, and diverse food system for all of us.

Corporate responsibility is in our DNA, and I am excited to commit Perfect Day's unwavering support to the United Nations Global Compact and its Ten Principles. We will integrate these into our strategy, culture, and day-to-day operations and will engage in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Perfect Day will make a clear statement of this commitment to our stakeholders and the public. We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. Accountability and transparency are core to who we are as a business, and we are committed to reporting on progress within one year of joining the UN Global Compact, and annually thereafter according to the UN Global Compact COP policy.

This includes:

- A statement signed by me, Ryan Pandya, expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its Principles;
- A description of practical actions the company has taken to implement the UN Global Compact Principles; and
- A measurement of outcomes.

Thank you to you and your organization for your great work. We are honored to join this initiative.

Sincerely yours,

A handwritten signature in blue ink, consisting of a series of loops and a long horizontal stroke extending to the right.

Ryan Pandya  
Co-founder & CEO, Perfect Day
