Dear Mr. Secretary-General,

I am pleased to confirm that PT PLN (Persero) supports the Ten Principles of the United Nations Global Compact in respect to human rights, labour rights, the protection of the environment and anti-corruption. With this communication, we express our intent to rejoin the UN Global Compact under the "Participant Tier" and implement those principles. We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. PT PLN (Persero) will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress of joining the UN Global Compact. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is *separate* from our initial letter of commitment to join the UN Global Compact.
- A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the UN Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).
- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

Through this letter I would also like to express our sincere apology for the absence of our Communication on Progress for the past few years as we were going through the change of leadership and reorganization phase.

Attached please find a copy of our 2019 Sustainability Report. We will send you the 2020 Sustainability Report subject to be published in due course and annually thereafter according to the UN Global Compact COP policy. Also attached some general information regarding our company as well as the contact persons responsible for contacts with the office of the UN Global Compact.
