Dear Mr. Secretary General,

I am pleased to confirm that CMI – Martti Ahtisaari Peace Center supports the ten principles of the UN Global Compact with respect to human rights, labor, environment, and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way:

- by adhering in all our work to the universal values of human dignity and human rights, honesty, truthfulness and integrity. We expect and demand all of our associates and partners to adhere with the same universal principles.
- by striving for environmental sustainability in our work. In practice this means that we attempt to minimize waste and damage to the environment.
- by acting according to international goals set forth by the United Nations in the 2030 Agenda for Sustainable Development (SDGs).
- by committing to the elimination of corruption within our organization

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely,

Hanna Klinge
