Dear Secretary-General,

I am pleased to confirm that CK Hutchison Holdings Limited (**CK Hutchison**) supports the Ten Principles of the United Nations Global Compact (**UN Global Compact**) on human rights, labour, environment and anti-corruption.

With this communication, CK Hutchison expresses its intent to implement those principles. CK Hutchison is committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of CK Hutchison, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. CK Hutchison will make a clear statement of this commitment to its stakeholders and the general public.

CK Hutchison recognises that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (**COP**) that describes the efforts of CK Hutchison to implement the Ten Principles. CK Hutchison supports public accountability and transparency, and therefore commits to report on progress within one year of joining the UN Global Compact, and annually thereafter according to the UN Global Compact COP policy. This includes:

- A statement signed by the Group Co-Managing Director expressing continued support for the UN Global Compact and renewing its ongoing commitment to the initiative and its principles.
- A description of practical actions that CK Hutchison has taken (or plans to undertake) to implement the UN Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).
- A measurement of outcomes showing the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results.

Yours faithfully,
For and on behalf of
CK Hutchison Holdings Limited

Canning Fok
Group Co-Managing Director
