

No. 5901/ ๙ ๒1

5 July 2021

Dear H.E. António Guterres,
United Nations Secretary-General,

I am pleased to confirm that Hydro - Informatics Institute (Public Organization) supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

- i. Conduct applied research and thought leadership to advance best practices
- ii. Promote the UN Global Compact Ten Principles and educate a variety of audiences about sustainability
- iii. Support UN Global Compact business participants in implementing and reporting on their sustainability efforts
- iv. Implement the UN Global Compact's Ten Principles through our own strategy and operations
- v. Encourage businesses and others we interact with to participate in the UN Global Compact

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within *two years* of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Sutat Weesakul
