Dear Mr Secretary-General

United Nations Global Compact

I am pleased to confirm that Accuro Fiduciary Services Limited (**AFSL**) supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our intent to implement those principles.

The Accuro Group (the **Group**) is a multi-jurisdictional fiduciary, corporate and family office services business which works in partnership with international families holding cross-border assets. The Group's mission is to care for families, their wealth and legacy for the long term by developing exceptional people and by striving to be a positive force for families, society and the environment. Please note that AFSL is a UK incorporated and resident company (UK company number 08709604) and is the Group's holding company. Our operating companies are located in Jersey, Switzerland, Mauritius and the UK. We enclose a group structure chart for your ease of reference. The application form has been completed using global Group figures.

We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our Group, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. We will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (**COP**) that describes AFSL's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the UN Global Compact, and annually thereafter according to the UN Global Compact COP policy. This includes:

- A statement signed by the Chief Executive Officer expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.

Insight. Continuity. Guardianship.

- A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the Group has taken (or plans to undertake) to implement the UN Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).
- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

Yours sincerely
for and on behalf of Accuro Fiduciary Services Limited

Xavier Isaac
Chief Executive Officer
