Dear Mr. António Guterres,

As the Managing Director of Calder Limited, I am pleased to confirm that our company endorses the UN Global Compact Sustainable Ocean Principles – an aspirational pledge and framework for responsible business practices in the Ocean across sectors and geographies.

Calder Limited is a leading manufacturer of high and ultra-high pressure packaged engineered solutions. We design, manufacture, install and service cost-effective and environmentally responsible pumping solutions for safe and hazardous areas. Established in 1981, our experience in building robust pump packages for the toughest onshore and offshore applications is significant.

Calder Limited commits to, where relevant, ensure that material ocean-related risks and opportunities are integrated in corporate strategy, risk management and reporting.

Calder Limited will publicly communicate on their commitment to endorse the UN Global Compact Sustainable Ocean Principles, including through the UN Global Compact Annual Communication on Progress – in the spirit of continuous improvement.

Yours faithfully,

Lee Watkins
Managing Director
