Dear Mr. Secretary-General,

I am pleased to reconfirm that **GRUPO MARWEN CALSAN S.L.** supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption. With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. **GRUPO MARWEN CALSAN S.L.** will make a clear statement of this commitment to our stakeholders and the general public.

The reason we did not present a Communication on progress in the last year is that the person in charge of that task left the company unilaterally and we did not know how to react in time. Our commitment is total to sustainable development and we want to continue belonging to the program.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within *one year* of joining the Global Compact, and *annually* thereafter according to the Global Compact COP policy.

Sincerely yours,

Mr. /Ms. Antonio Javier Martinez Calahorra
Managing Director
