Dear Mr. Secretary General,

I am pleased to confirm that Amimet supports the ten principles of the UN Global Compact with the respect to human rights, labour, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways: undertake initiatives to promote greater environmental responsibility, elimination of discrimination in employment and occupation, support and respect the protection of human rights.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's effort to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Ms. Margarita Sánchez
Executive Director, Amimet
