Dear Mr. Secretary General,

I am pleased to confirm that ActionAid Association supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

- We will propose and implement [partnerships](#) on corporate sustainability and engage with other stakeholders.
- We will support UN Global Compact business participants as they implement and report on their sustainability efforts.
- We will engage with [Global Compact Local Networks](#).
- We will [Join and/or support](#) issue platforms and workstreams.

We would like to engage and actively participate in respect to our commitment above through our partners on ground and our partnerships with community enabling localisation of SDGs .

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within *two years* of joining the Global Compact and *every two years* thereafter according to the Global Compact COE policy.

Sincerely yours,

Sandeep Chachra
