Subject : Commitment Letter

Dear Mr. Secretary-General,

I am pleased to confirm that Câblage Connectique Européen (CCE) supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption.

With this communication, we express our intent to implement those principles. We are committed to making the UN Global Compact and its principales parts of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader developpement goals of the United Nations, particularly the Sstainable Developpement Goals. Câblage Connectique Européen (CCE) will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the UN Global Compact, and annually thereafter according to the UN Global Compact COP policy. This includes :

- 1- A statment signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- 2- A description of practical actions (i.e., discolosure of any relevant policies, procedures, activities) that the compagny has taken (or plans to undertake) to implement the UN Global Compact principles in each of the four issue areas (human rights, labour, environmentn, anti-corruption).
- 3- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitiative or quantitative measurements of results).

CCE

Sincerely yours

Jean-Philippe SCHMITT
