Dear Mr. Secretary-General,

I am pleased to reconfirm that *HERMANDAD FARMACÉUTICA DEL MEDITERRÁNEO, S.C.L.* supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption. With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. *HERMANDAD FARMACÉUTICA DEL MEDITERRÁNEO, S.C.L.* will make a clear statement of this commitment to our stakeholders and the general public.

The reason why we did not submit a Communication on Progress in the last years is because of the new conditions established for accession to the United Nations Global Compact, we had to assess internally the possibility of continuing with it. Finally, and given the commitment we have for years with the pact and the trust we have placed in it, we have decided to make our income again.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within *one year* of joining the Global Compact, and *annually* thereafter according to the Global Compact COP policy.

Sincerely yours,

JAVIER LÓPEZ GIL
CEO
