Dear Mr. Secretary-General,

I am pleased to confirm that Siren Communications supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our intent to take action in support of the Sustainable Development Goals.

We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Siren Communications will make a clear statement of this commitment to our stakeholders and the general public.

We recognise that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the UN Global Compact, and annually thereafter according to the UN Global Compact COP policy.

This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles.
- A description of practical actions that Siren Communications has taken to implement the UN Global Compact principles in each of the four issue areas.
- A measurement of outcomes.

Sincerely yours,

Rachel O Connor
