Dear Mr. Secretary-General,

I am pleased to confirm that Sky Italia supports the Ten Principles of the United Nations Global Compact on human rights, labor, environment and anti-corruption. With this communication, we express our intent to continue our implementation of these principles and join the UN Global Compact Italia Network.

At Sky, we are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Sky will reiterate its statement of this commitment to our Italian stakeholders and the general public.

We are committed to taking action on climate change and have been a carbon neutral company for 15 years. We have set targets to reach net zero carbon across our value chain before 2030, aligned with limiting global temperature rise to 1.5°C. We continue our support of the United Nations Global Compact's Business Ambition for 1.5°C.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and will continue our annual Communication on Progress for the Sky Group ensuring coverage of our progress in Italy, according to the UN Global Compact COP policy.

Sincerely yours,

Andrea Duilio
CEO Sky Italia
