Dear Mr. Secretary General,

We are pleased to confirm that the Danish Football Association supports the ten principles of the UN Global Compact with respect to human rights, labor, environment, and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles.

We also pledge to participate in and engage with the UN Global Compact through selected and relevant national and international activities such as partnerships, stakeholder engagement and international activities.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Kind regards,

Jesper Møller
