Secretary-General  
United Nations New York, NY 10017 USA

Dear Mr. Secretary-General,

I am pleased to confirm that CURIOO LIMITED supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our intent to implement those principles.

We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Our target is to actively support goals 4: Quality Education and 5: Gender Equality with our partnerships and company-wide initiatives. With operations in Greater Asia and Middle-East, North Africa, we are in a unique position to leverage our resources and teams to provide world-class entrepreneur, tech, language and creativity skills to those requiring encouragement and support. CURIOO LIMITED will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress on 1<sup>st</sup> of October, 2022, and annually thereafter according to the UN Global Compact COP policy. This includes:

- A statement signed by myself as the Chief Executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the UN Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).
- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

Sincerely yours,

Mr. Paul Blackstone  
Co-Founder and CEO, CURIOO LIMITED
