Dear Mr. Secretary-General,

I am pleased to confirm that Mitsubishi Electric Australia supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our intent to implement those principles. We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Mitsubishi Electric Australia will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Community on Progress (COP) that describes our company's efforts to implement the Ten Principles. As a subsidiary of Mitsubishi Electric Corporation, we will support our parent company in meeting this requirement and provide our parent company with information needed for this purpose.

Sincerely Yours,

Jeremy Needham  
Managing Director
