H.E. ANTÓNIO GUTERRES
SECRETARY-GENERAL
UNITED NATIONS
NEW YORK, NY 10017
UNITED STATES OF AMERICA

Dear Mr. Secretary-General,

I am pleased to confirm that Sway supports the Ten principles of the United Nations Global Compact on human rights, labor, environment, and anti-corruption. With this communication, we express our intent to implement those principles in our work. We are committed to making the UN Global Compact and its principles part of the strategy, culture, and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Sway will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the UN Global Compact, and *annually* thereafter according to the UN Global Compact COP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is *separate* from our initial letter of commitment to join the UN Global Compact.
- A description of practical actions that the company has taken (or plans to undertake) to implement the UN Global Compact principles in each of the four issue areas — human rights, labor, environment, and anti-corruption.
- A measurement of outcomes.

Thank you very much for your consideration. The entire Sway team looks forward to joining you in the important and ambitious work of the UN Global Compact.

Sincerely,

A handwritten signature in black ink, reading "Julia Marsh".
