Dear Mr. Secretary General,

I am pleased to confirm that Federation of Industrial Associations (SEDEFED), which was delisted in 2016, reaffirms its support of the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption and wishes to regain its membership. SEDEFED was delisted due to our failure to submit the Communication on Progress within due time. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s): engage locally and internationally to the existing networks and participate in the flagship, regional and thematic events and conferences.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.
