Subject: Commitment letter to the UN Global Compact

Dear Mr. Secretary General,

I am pleased to confirm that AIESEC supports the ten principles of the UN Global Compact with respect to human rights, labor, environment, and anti-corruption. With this commitment, we reaffirm our intent to support the Global Compact in advancing these principles and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways: engage our youth network in Global Compact-related issues, join and/or propose partnership projects related to corporate sustainability to our partner organizations, uphold Global Compact's ten principles throughout its intervention, and particularly when engaging with our corporate stakeholders as well as engaging young people in dialogue for Global Compact related topics, engage with Global Compact local networks and participate in Global Compact global and local events.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. Unfortunately, due to the annual changes in our global secretariat, the communication wasn't done due to the outdated contact details. However, I have hereby attached a COE covering the period from January 2020 to December 2021, for which we welcome any feedback. We support public accountability and transparency and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,
